Floor-Ready Answers. Zero Safety Compromise.

Instant, trusted guidance for supervisors across safety, maintenance, and quality standards—keeping your plant data secure.

Safety First

- **Auto-surfaces** lockout & PPE for injury-risk queries.
- **Protects guards:** Never suggests workarounds; declines when unsure.

Verified Accuracy

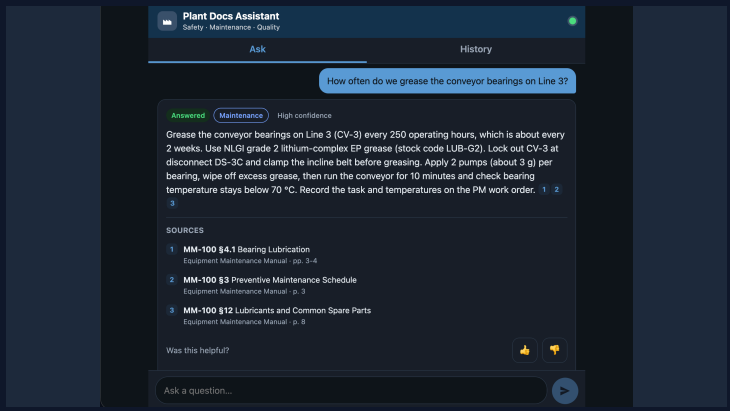

- **Exact citations:** Links to doc, section, and page.
- **Part precision:** Hybrid search catches tags.

Data Security

- **On-premise index:** Manuals stay local.
- **Complete lockdown:** Server-side keys & redaction.

Proven Results

- **100% routing** accuracy; 3s replies.
- **Ready for pilot** with EHS review.

Closing Ask: Let’s run a low-risk pilot on your real controlled documents, backed by full EHS and Quality audit reviews.
